# Cooperation project with Sanok in Poland

EKO-SANOK raising ecological awareness  
of the town`s inhabitants

Lead Partner: Municipality of Sanok

Project partners: Inderøy kommune (Norway);  
Nature preservation League (Poland)

### **Short description:**

The main objective of the project is raising ecological awareness of the Sanok's inhabitants in the field of waste management and implementation the good Norwegian practices and activities in this area to the polish ground. Project is going to be realized in the partnership with Inderoy Komunne and Nature Preservation League (polish NGO).

Inderoy Kommune will be responsible for the following activities:

- preparation two project meetings in Norway,
- participation in two project meetings in Sanok,
- preparation children and youths exchange between polish and Norwegian schools,
- support Municipality of Sanok in the field of legal solutions regarding effective waste management, and consultation in the field of project implementation
- participation in launch meeting in Sanok with lecture regarding waste management in Inderoy Komunne,

Norwegian experts responsible in project implementation and coordination in Norway should be persons with suitable experiences and knowledge, for example: Inherred Renovansjon or Retura.

# Political system in Inderøy
